Introducing our newest addition to the Carrocel collection: the Modern acrylic accent tables. These one-of-a-kind pieces are the perfect blend of contemporary design and expert craftsmanship. Each table features a large, thick acrylic top that is both visually striking and durable. The transparent nature of the acrylic creates an illusion of space, making these tables perfect for smaller rooms or to add a modern touch to any space. The hand forged metal bases are finished in a sleek pewter metal, adding a touch of sophistication to the overall design. The intricate detailing on the base adds a unique element to the tables, making them true

works of art. The metal frames are carefully crafted to create a sense of floating for the acrylic tops, giving these tables a modern and airy feel. These acrylic accent tables are not only aesthetically pleasing but also highly functional. At Carrocel, we take pride in our commitment to quality and attention to detail. Each of these acrylic accent tables is newly made and handcrafted by our team of skilled artisans. This ensures that every piece is unique and of the highest quality. We use only the finest materials and techniques to create furniture that will withstand the test of time. Whether your home is modern and minimalist or more traditional and classic, these tables will seamlessly blend in and elevate the overall aesthetic.
